TEJA LAKSANA

Cikarang, Indonesia | P: +62 82110959841 | tejalaksana1612@gmail.com

Born in Indramayu, December 16, 1998. I received a bachelor's degree in computer science from Telkom University, Bandung in 2022 with a satisfactory predicate. I am a person who is very disciplined and focused on work results, so I tend to be idealistic. However, I can also be realistic when setting targets or goals and always strive to be able to achieve these goals in a good and efficient way.
